

NULL ZONE

house rules · for a bedroom door

- ◆ No saying “we” when you really mean “you”.
- ◆ No “I’m fine” if we’re not.
- ◆ No phones, unless we’re using them to show something true.
- ◆ No fixing straight away. Listening first.
- ◆ Either of us can say “buffer” and we pause the conversation.

(v4.1 – updated together)

This room exists because someone before you refused to be just a user.

If this is your truth too, you’re not alone. You’re early.
